

# AmyPlus

**A performance moist blend, nutritionally rich in energy and protein - ideal for driving intakes.**

- A palatable and easy to handle moist feed which will balance a variety of rations and support forage shortfalls.
- Unique bespoke preservation for enhanced keeping quality.
- Manufactured to order all year round.

# AmyPlus

## Key Features      Key Advantages

### Enhances palatability

AmyPlus is a manufactured moist feed which contains co-products from the processing of cereals as well as brewing and distilling. It's fresh aroma, sugar level and keeping quality ensure the palatability which helps drive intakes.

### Supply and traceability

AmyPlus is manufactured to order. Full ingredient traceability and consistency of supply is guaranteed throughout the year.

### Drives intakes

Nutrient rich, AmyPlus has a proven track record of enhancing rations to produce more milk production, better daily liveweight gains and balancing lower energy forages.

### Flexibility

Suitable as a forage extender and for a variety of feeding systems whilst improving ration dry matter intakes.

### Easy to store

With dry matter at 40% it can be ensiled or stacked easily on farm. The bespoke preservative ensures keeping quality and it's storage for up to 6 weeks.

## Typical Nutrient Value (DM basis)

Dry Matter 40% Crude Protein 21.0% Oil 6.5% Starch 18.0% Sugar 4.5%  
NDF 35.0% MER 12.0MJ/kg DM & MELK 1197 (energy)

## Feeding Guide

Introduce AmyPlus gradually over 7-14 days ensuring that sufficient long fibre is present in the diet. One of our fully qualified nutritionists will happily assist you in getting the most out of AmyPlus in your diet.

<b>Dairy</b>	up to 12kg/head/day	<b>Available in bulk:</b>
